### MEMORIAL SERVICES FOR LIEUT. HARRISON NOV. 17

Luther Harrison today received a telegram from Capt. Sera of Weverka to the effect that the Red Cross of Weverka will hold memorial services Sunday, Nov. 17, for his brother, Lieut. Richard Harrison, who was recently killed in France.

### SUDDEN DEATH OF J. W. SHELTON

About noon today J. W. Shelton died suddenly at his home, death due to heart failure.

Funeral arrangements had not been announced this afternoon. Mr. Shelton's passing was very unexpected. He left his place of business a short time before the end came, complaining of a pain in his chest. A little later his death was reported.

Mr. Shelton came to Ada from Alaska some four or five years ago and has been engaged in the undertaking business since then. He was a good citizen and was always ready to do his part in every public enterprise. He bore a spotless reputation and his death is deplored by a host of friends both here and at other places in the state.

## GEN. FOCH IN CONFERENCE WITH GERMAN DELEGATES

ARRIVE IN FRENCH LINES THURSDAY NIGHT.  
MAY BE SOME DAYS BEFORE FINAL  
ACTION IS TAKEN.

(By the Associated Press)

WASHINGTON, Nov. 8.—The German armistice delegation entered into conference with Marshal Foch at 9 o'clock this morning, French time, the state department announced officially today. Announcement was also made that if it is found that the German delegation must refer the armistice terms to Berlin they will be given seventy-two hours from the time that decision is reached in which to answer.

Delegates Arrived Thursday Night.

PARIS, Nov. 8.—German armistice delegates came within French lines last night to receive from Marshal Foch the allied armistice terms. They proceeded this morning to the place designated by Foch. The German white flag bearers reached the left wing of General Deben's army at ten o'clock last night. They arrived at the place indicated by the French commander at two o'clock this morning and spent the remainder of the night there. If their credentials are found adequate they will be informed officially what the armistice terms are and will have seventy-two hours in which to reply.

Wilson Promises to Give First Word.

WASHINGTON, Nov. 8.—The statement was authorized at the white house shortly after ten o'clock this morning that whenever word came of the armistice being signed in France President Wilson himself would announce it immediately. When this assurance was given the government had not been advised whether the German armistice delegation had been received at Marshal Foch's headquarters behind the French lines.

### ALLIED TROOPS CONTINUE DRIVE

GOOD PROGRESS BY BOTH  
FRENCH AND BRITISH RE-  
PORTED FROM FRONT.

(By the Associated Press)

PARIS, Nov. 8.—French troops resumed their advance along the entire front this morning. The war units have reached the railway junction of Liart about twenty miles north of Rethel on the right where the French line joins that of the Americans. The French early today captured Singly, a town less than eight miles south of Mezieres and Fresnois, about a mile west of Sedan. Fifteen hundred prisoners and much material were captured yesterday.

British Drive Continues.  
LONDON, Nov. 8.—The British are continuing their advance along the active battlefield. Field Marshal Haig today announced the capture of two additional villages in the region between Mons and Maubeuge.

### PEACE REPORT ALL A HOAX

REPORT CIRCULATED LONG BE-  
FORE GERMAN DELEGATES  
REACHED ALLIED LINES.

(By the Associated Press)

NEW YORK, Nov. 8.—Millions of Americans realized today they had been hoaxed into celebrating the war's end by publication of United Press dispatches declaring the armistice had been signed and fighting ceased at 2 o'clock yesterday afternoon. Far from signing the armistice at eleven yesterday morning, the German delegates did not cross the Allied lines until late last night. This is recorded in Associated Press dispatches filed in Paris at 4:30 o'clock this morning. Fighting instead of being ended was continuing more desperately last night except on the short front where the German delegates crossed into the French lines. Field Marshal Haig this morning announced continued advance along the active battle front with villages and prisoners captured. Hours after the fighting was reported stopped American troops were smashing their way forward on the Sedan front and French troops had taken Liart railway junction, twenty miles north of Rethel.

News Not Being Held Back.  
WASHINGTON, Nov. 8.—Secretary Lansing at President Wilson's direction, issued a statement shortly before noon today saying that any announcement that news reaching the government concerning armistice negotiations was being withheld, was absolutely false and that as soon as a decision was reached it would be made public by the government.

### NORMAL WILL REOPEN TUESDAY MORNING

The East Central normal, which has been suspended for the past four or five weeks because of the epidemic of influenza, will reopen Tuesday. Notice to this effect is being sent to out of town students. However, President Gordon states that students from homes where there are still cases of influenza will not be admitted until all have recovered so he desires to take all possible precautions against a further outbreak of the malady.

### HUN DELEGATES HEAR CONDITIONS

FOCH REFUSES DEMAND FOR  
OBLIGATION OF FIGHTING.  
GIVES THREE DAYS FOR  
ANSWER.

(By the Associated Press)

PARIS, Nov. 8 (3:45 P. M.).—An official government note issued this afternoon says: "The German delegates arrived this morning at Marshal Foch's headquarters. They made a formal demand for an armistice. The text of the conditions of the Allies was read and delivered to them. They asked for an immediate cessation of arms. It was refused them. The enemy has seventy-two hours to answer."

### REVOLUTION IS SPREADING

CITIES OF BREMEN AND TRERAR  
MOVEMENT AGAINST  
BREMEN GOVERNMENT.

(By the Associated Press)

LONDON, Nov. 8.—(3:35 A. M.)—The cities of Bremen, Hanover and Trier, have joined in the German revolution according to a Copenhagen dispatch to the Exchange Telegraph company. Dr. Karl Liebknecht is said to have arranged for the formation of a soldiers' council at Bremen. Bremen is the principal maritime city of Germany next to Hamburg. Its pre-war population was 170,000.

### MR. CALLAHAN PRAISES PROGRESS IN COUNTY

C. W. Callahan, district agricultural agent for this part of the state, was in Ada today in conference with J. B. Hill, county farm demonstration agent. Mr. Callahan is well pleased with the outlook for this county, and says Mr. Hill will have one of the best reports in the state. The prospect for wheat, Mr. Callahan thinks, is as good here in Pontotoc county as any place in the state. The recent rains have put the crop into fine growing condition, guaranteeing good winter pasturage. In many parts of the state it was feared there were too many cattle and other stock for the feed. It now appears that there will be more pasturage than stock.

Mr. Callahan is especially well pleased with the growth of the peanut industry. He says he is yet to see a man in this county who is disappointed with this crop. He thinks this crop is especially well adapted to this region, in as much as it is drought resisting, even more drought resisting than cotton.

## CONSTIPATION

And Sour Stomach Caused This  
Lady Much Suffering. Black-  
Draught Relieved.

Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use. Theodor's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NC-125

Speaking of chickens coming home  
to roost, the Germans are getting a  
sample of it. They backed the bol-  
sheviki movement in Russia and re-  
duced that nation to a state of an-  
archy. Now the same thing has  
broken loose in northern Germany  
and, to change the figure of speech,  
the Kaiser's bunch are being bitten  
by the same snake they nurtured so  
carefully to strike the national life  
of Russia.

Even though an armistice should  
be signed now, the needs of the sol-  
diers will be as great as ever for  
months to come. Under the most  
favorable circumstances it will re-  
quire at least a year to bring the  
boys home, so it is up to the people  
at home to back the United War  
Workers campaign to the limit. The  
money will be needed and the boys  
will get the benefit of it. Therefore,  
do your best when the committee  
sees you.

The citizenship of Pontotoc coun-  
ty was electrified yesterday by the  
fake story of the signing of the Ger-  
man armistice. The News was called  
every minute for confirmation of the  
report, but our information was to  
the contrary, much to our regret.  
Relying on this fake news, the big-  
gest in all history, celebrations were  
pulled off in many parts of the United  
States. Today's dispatches indicate  
that it may be three or four days yet  
before the armistice is signed, if it  
is signed at all, which may be the  
outcome of the conference, for no  
one can fathom the working of the  
German mind. However, when the  
Ada News announces that it is signed  
Ada can put on a big celebration,  
for it will be no fake.

A pledge is binding. Do not fail to  
buy your War Savings Stamps.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes  
—Most Women Can Have

Says Dr. Edwards, a Well-Known  
Ohio Physician

Dr. F. M. Edwards for 17 years treated  
scores of women for liver and bowel  
ailments. During these years he gave to  
his patients a prescription made of a few  
well-known vegetable ingredients mixed  
with olive oil, naming them Dr. Edwards'  
Olive Tablets. You will know them by  
their olive color.

These tablets are wonder-workers on the  
liver and bowels, which cause a normal  
action, carrying off the waste and poison-  
ous matter in one's system.  
If you have a pale face, yellow look, dull  
eyes, pimples, coated tongue, headaches, a  
bad, no-good feeling, all out of sorts,  
inactive bowels, you take one of Dr.  
Edwards' Olive Tablets nightly for a time  
and note the pleasing results.

Thousands of women as well as men  
take Dr. Edwards' Olive Tablets—the suc-  
cessful substitute for calomel—now and  
then just to keep in the pink of condition.

## WRONGS OF ARMENIA WILL BE RIGHTED

(By the Associated Press)  
LONDON, Nov. 8.—The British  
government is determined that the  
wrongs suffered by the Armenians at  
the hands of the Turks shall be righted  
and their recurrence made im-  
possible writes Lord Robert Cecil, the  
parliamentary Under Secretary of  
State for Foreign Affairs, to Vis-  
count Bryce.

Four points mentioned by Lord  
Cecil as the charter of the Armeni-  
an's right to liberation at the  
hands of the Allies, are:

The refusal of the Armenians as  
a nation in the fall of 1914 to work  
for the cause of Turkey and her al-  
lies, although offers of autonomy  
were made if they actively assisted  
Turkey in the war.

"Partly on account of this cour-  
ageous refusal, the Ottoman Armeni-  
ans were systematically murdered by  
the Turkish government in 1915,  
two thirds of the population being  
exterminated by most coldblooded  
and fiendish methods—700,000 men,  
women and children being killed."

"From the beginning of the war  
that half of the Armenian nation un-  
der Russian sovereignty organized  
volunteer corps and bore the brunt  
of some of the heaviest fighting in  
Caucasia under their leader And-  
ranik."

"These same Armenian corps after  
the Russian break down took over  
the Caucasian front and for five  
months held up the Turkish advance  
and thus rendered important service  
to the British in Mesopotamia."

"Lord Robert Cecil adds that Ar-  
menians are still fighting in Syria  
and have been taking part in the Pal-  
estine campaign."

## FOOTBALL TOMORROW ADA VS. ALVA

The East Central State Normal S.  
A. T. C. boys play their first home  
game of football Saturday afternoon  
against the S. A. T. C. squad from  
the Northwestern State Normal of  
Alva. Considering the showing our  
boys made last Saturday against the  
Henry Kendall College S. A. T. C.'s  
we may expect an exceedingly close  
and interesting game with the Alva  
aggregation.

While a number of the boys are  
suffering from slight injuries, or  
two or three teams have been practic-  
ing hard the past week, and the team  
that will play tomorrow afternoon  
are in such condition as to ensure a  
fast and exciting game.

The line-up follows:  
Stegal and Baker, Center; Tolliver,  
King and Meadows, Guards; Ferria,  
Hardin and Sturdivant, Tackles;  
Brents, Miller, Foster and McCloud,  
Ends; Kerr and Haynes, Half; New-  
berry, Quarter; Craig, Full.

If the good people of Ada desire to  
see a real football game, the present  
season, tomorrow is the day.

Come out in the fresh air and en-  
joy the game.

well named 'Wonderful', for such it  
is. It has certainly done wonders for  
us both." It is a simple, harmless  
preparation that removes the cat-  
arrhal mucus from the intestinal  
tract and allays the inflammation  
which causes practically all stomach,  
liver and intestinal ailments, includ-  
ing appendicitis. One dose will con-

## FEEDING SOLDIERS IN FRONT LINES

AMERICAN ADVANCE ZONE,  
France, Nov. 8.—(Correspondence of  
The Associated Press)—Two thou-  
sand soldier-bakers turning out a  
million pounds of bread a day—this  
is the vast and animated work one  
sees here at the American army field  
bakery, which supplies the staff of  
life to the American army in the en-  
tire area of the advance zone.

It is a bakery of tents, unlike the  
ordinary bakery within brick walls  
and with whizzing machinery, but a  
field bakery right out in the open  
air and open fields, half a military  
encampment and half an industrial  
city, and like all army camps capable  
of being picked up and transported  
to another point in a few hours.

A city of tents marks the site of  
this huge camp bakery, along the  
country roadside about a mile out-  
side of the large cities of the ad-  
vance zone—nameless as are all  
places in the zone of advance. The  
camp stretches over many acres,  
lately ploughed ground of a big farm  
but now humming with the activi-  
ties of a huge productive enterprise.  
Above the tents one sees countless  
smoke-stacks of the bake-ovens,  
belching black smoke, and in the open  
air hundreds of soldiers, stripped to  
the waist, bending over the huge  
masses of dough, and hundreds more  
manipulating the loaves in the huge  
battery of ovens.

The daily bread train was about to  
start for the front as we arrived. Al-  
though the camp is in the fields, yet  
squares of railway have been run along-  
side, and each day this huge train  
goes forward so that every Ameri-  
can division and every camp along  
the whole front gets its supply with  
unfailing regularity. The train was  
nearly half a mile long, with some  
50 box cars loaded solid from floor  
to roof, 20,000 pounds to the car, or  
a million pounds of bread to the train.

Near by another train was dis-  
charging huge stacks of flour straight  
from American wheat fields and mill-  
ing centers of the west and north-  
west. It comes in 98 and 140 pound  
sacks, of the best standard grades  
for nothing is too good for the food  
of the fighting man. Of late, how-  
ever, said the escort, some of this  
flour from far western points has not  
been up to the highest standard, in-  
dicating that the rush of an enorm-  
ous shipment had led to a falling off  
in quality.

The soldiers laboring among the  
four sacks have now begun to look  
themselves like flour sacks, for they  
have adopted a strange uniform in  
which the empty flour sacks take the  
place of sleeveless shirts. The sacks  
are slit at the side for the arm holes.  
They are of rough white bagging  
much cooler the men say than the  
army undershirt. Each sack has flam-  
ing red and blue letters of its brand  
and so the work is replenished with  
the whole range of American flour  
brands in their flour-sack shirts.

## HOW FOUR COUNTIES WILL BE HONORED

OKLAHOMA CITY, Nov. 8.—The  
four counties in Oklahoma exceed-  
ing their quota in the largest amount  
will have four motor trucks in over-  
seas service named for them. This  
announcement was made Wednesday  
at national headquarters in New  
York.

Some four counties will thus have  
the honor of having their names on  
trucks in constant war service in  
France. Ten huts in France will also  
be named in honor of the first ten  
states to reach their quota. Here is  
a double chance to make the boys  
over there realize how much you  
think of them by a constant visible  
reminder.

"We owe an enormous debt to our  
boys in the army," United States  
Senator Robert L. Owen said here  
Wednesday in a talk with Chairman  
E. W. Marland of the United War  
Work Campaign. "They have bought  
with their brave young lives one  
thousand years of peace and an im-  
mediate prosperity for America,  
which will bless our common coun-  
try and every man and woman in it."  
"Shall we refuse to pay our debt  
to them? Shall we not be glad to re-  
ward them with the assurance of our  
love in the only concrete way possi-  
ble. I do hope that the dear peo-  
ple of Oklahoma who have so mag-  
nificently responded to the demands  
made upon them by the great war for  
liberty will realize the need of sup-  
plying the means to support the sev-  
eral great organizations embraced in  
the United War Work campaign and  
that they will pay a part of their debt  
to our boys by dividing their means  
with them and contributing their  
share next week to the United War  
Work campaign."

The banner line on the front page  
of The Daily Oklahoman on Wednes-  
day morning was "Let's clear this up  
at the start; it isn't a case of GIVING  
to the United War Work fund—it is  
a case of PAYING a debt of Honor."  
Almost every day editorials in fa-  
vor of the campaign are carried in  
The Oklahoman, which might be used  
to good advantage in the different  
communities.

Alfred O. Booth, campaign direc-  
tor, calls attention to the fact that  
the hardest work of the seven orga-  
nizations will come with the end of  
the war. The excitement is serving  
to help keep morale up now but once  
fighting is over, it will be necessary  
to furnish so much good, wholesome  
entertainment for the boys that they  
will not find idle time on their hands.

## WHY COUGH AND COUGH AND COUGH?

Dr. King's New Discovery  
removes the danger of  
neglect

Coughing until the parched throat  
grows painful should not be permitted.  
It should be relieved before it gains  
headway with a dose of Dr. King's  
New Discovery.  
The same with a cold or bronchus  
attack. Millions have used this well-  
known remedy for half a century  
regularly without thought of change.  
Sold by druggists since 1869. An all-  
important adjunct to any family  
medicine cabinet. 60c and \$1.20.

The Burden of Constipation  
is lifted, comfortably but positively  
when you treat your bowels with Dr.  
King's New Life Pills. The liver gets  
busy, digestion improves, the sickly,  
sallow skin is freed from bile. Get a  
bottle today—start the day right. 25c.

You know who they are.  
Give them more power to  
their arms by putting the  
United War Work Cam-  
paign over the top.

## FATHER BEARS OUT DAUGHTER'S STORY

Her Illness Cost Him Many a Dollar  
Nothing Helped Her Until She  
Started Taking Tanlac  
She Says.

"My daughter's illness cost me  
many a dollar, but nothing helped her  
any until she started taking Tanlac,"  
said the father of Miss Ethel Brew-  
er, 209 Pearl Street, Chattanooga,  
Tenn.

"I suffered terribly from stomach  
trouble," said Miss Brewer, who  
"joined in the conversation. All I  
could eat was a little milk and white  
of eggs. Everything I ate caused gas  
to form, that kept me sick and nau-  
seated and I was miserable all the  
time. My hands were broken out  
and I was told that I had pellagra.  
I felt off in weight until I only  
weighed ninety-eight pounds."  
"When I finished my fourth bot-  
tle of Tanlac, my hands and arms  
were all healed up and the stomach  
trouble had disappeared. I am not  
nervous like I was. I sleep like a  
child, my color has improved, my ap-  
petite is fine and everything I eat  
agrees with me. I have gained fifteen  
pounds and feel better than I  
have in a long time."  
Tanlac is sold in Ada by Gwin &  
Mays Drug Co.

## HERE'S WARMING, SOOTHING RELIEF FROM YOUR RHEUMATIC ACHES

For prompt relief from Rheumatism, Neuralgia, or Lumbago, you can depend on Sloan's Liniment. The warming, soothing, counter-irritant effect is the quickest way to overcome the inflammation, swelling or stiffness. A few drops go right to the sore part, draw the blood from the congested place and remove the cause of the ache. The great penetrating power of

Sloan's Liniment makes rubbing needless. It is easier and cleaner to use than plasters or poultices. It does not stain the skin or clog the pores. A bottle of Sloan's Liniment is all you need for quick rest and relief from the pains of sprains, bruises, backache, stiffness, and most forms of rheumatic twinges. Generous size bottles at druggists everywhere.

CHAIRMAN AYDELOTTE WARNS AGAINST SLACKENING EFFORTS IN WAR WORK.

OKLAHOMA CITY, Nov. 8.—(Special)—County Councils of Defense are warned not to cease their activities on account of the possibility of an armistice. In a bulletin just sent out by J. M. Aydelotte, chairman of the State Council of Defense, the following telegram just received from Frank K. Lane, secretary of interior and chairman field division of Council of National Defense: "I earnestly beg that you do not relax your efforts in the slightest degree on account of the possibility of an early armistice; even if an early armistice should be concluded this does not mean that the war is over and in any case the emergency will not be for a long time. I am assured that every man and woman in the Council of Defense system will stay on the job."

The County Council of Defense will have problems just as difficult to solve and require just as much patriotic service during the next few months as they have been during the past year, according to Mr. Aydelotte.

**SURGEONS** agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BORZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Bart Smith.

From Homer Ledbetter.

(Note—This letter among others has been in the News office for some little time and should have been published sooner. It describes some of the work of a new recruit at Camp Fremont, but by this time he is probably with the boys in France.—Editor.)

I have won so far in everything, by being the fastest, won the medal race, running thirty yards and picking up the dead man and getting back to the mark. I won by ten feet, having some old privates in the race. I loaded my gun and got ready for shooting in four seconds. Six is the average rate. Made seventeen shots in the practice; some got eight or nine. Standing at attention I took the bayonet from my side, placed it at the proper place on my rifle and back to attention while some were still trying to get their's loose from the belt.

I have received orders to attend the school for non-commissioned officers. Of course I shall attend but don't think I want to change from a private. They figure on thirty-five corporals from the bunch I am in. Some have already asked for the places and when put in could not turn around and had a hint from the commander that they would be put out to a lower class. I have had no trouble in getting anything yet. Out of three weeks training I am with the platoon that had three weeks start of me. I want the trip to New Jersey or back east and if I am put in as a non-com I will be apt to stay here close.

## WONDERFUL MARCH OF CZECHO-SLOVAK ARMY

VLADIVOSTOK, Nov. 8.—(Correspondence of The Associated Press)—General Gaida's Czecho-Slovak fighting their way through 2,600 miles of hostile territory furnishes a tale no less thrilling than that related of Cortez' drive from Vera Cruz to the ancient Aztec capital in the sixteenth century. Like his illustrious predecessor, he saw his forces grow as his successes multiplied, but his successes, also like those of the adventurous Spaniard, were due to his unflinching courage and ingenious tactics and to the loyalty of his men.

When the order came from Petro-

nel presented a serious obstacle to further progress. They dragged a few light guns over the ridge and marched several contingents of troops around the obstruction only to find the Bolsheviks massed in force some twenty miles beyond. The Czechs and Russians suffered heavy losses in the fighting here and were forced back to within a few miles of the tunnel. Meanwhile the Czechs had cleared the tunnel sufficiently to pass troops through, on foot. General Gaida, who had succeeded Colonel Kadlets in command, caused decoy messages to fall into the enemy's hands, begging for help and declaring that the tunnel was hopelessly blocked and he in desperate straits, surrounded and at the end of his resources. The Bolsheviks thereupon moved southward in high spirits, throwing aside all caution. Bands

grad countermanding the permission given for the free movement of the Czecho-Slovaks toward Vladivostok. It found them strung out in a thin line from the Volga to Vladivostok. A 12 day truce, following the first serious clash at Irkutsk when the Bolsheviks undertook to disarm a trainload of Czechs, applied only to Eastern Siberia and was utilized by Gaida's men to get a running start for the plunge through the thickest of the struggle. Thereafter his policy appears to have been to constantly prepare and execute some new surprise until the enemy was in such a state of nerves that the approach of a body of Czecho-Slovaks, no matter how small, was likely to throw him into a panic.

Assisted by Cossacks and by Czechs from Chilibinsk, Colonel Kadlets, then commander of the Czech forces west of Irkutsk, fought his way west to Omsk, taking towns en route. He improved the time during the armistice to clean up the line westward to the Urals.

Meantime, with resumption of hostilities to the eastward the Czech-Slovak forces between Krasnoyarsk and Irkutsk found themselves hard pressed and near to the end of their resources. Kadlets doubled back eastward and by a series of flanking movements, falling upon the Bolsheviks in the night, stamped them time after time. In this way he pushed through to the relief of his countrymen at Krasnoyarsk and Irkutsk.

From Irkutsk to the southernmost point of Lake Baikal there are forty-one tunnels. It was the Czechs' aim to clear out the Bolsheviks without giving them time to blow up these tunnels and to that end they started a small contingent overland to surprise the Bolsheviks beyond the series of tunnels. These men marched four days under greatest difficulties. They became so pressed for food supplies that they had to eat their horses. But they accomplished their object. They attacked the Bolsheviks in the middle of the night, captured their machine guns and started them northward in disorder. The Bolsheviks succeeded in blowing up one tunnel, the last one in the series.

The Czechs and their Russian allies now had a clear track to the southern extremity to a village named Stujanka, where the blocked tunnel

played and their progress was in the nature of a triumphal march. A few miles from the tunnel they ran into an ambush which completely demoralized them. Machine guns raked them from the hillsides and field guns shelled them front and rear. A tattered remnant of the Bolshevik army fled northward with the few trains they were able to save.

**America's First Library.**  
The first library in America was opened at Harvard College 280 years ago. For more than thirty years the Harvard collection of books has been the only one of importance on the continent, but in 1787 a public library was founded, and in 1781 Benjamin Franklin started a subscription library at Philadelphia, the first of its kind in America. The library of the United States, now called the library of congress, was established in 1800. The first public library recorded in history was founded at Athens in the year 540 B. C.

**Somewhat Mercenary.**  
Bob was to have a birthday party. His best friend, Dick, met him in town the day before. "Say, kid," he asked, "what do you want me to bring you?" Bob, who was saving for a bicycle, replied: "If it's all the same to you, Dick, I'd rather you'd give me the money." The following day as Bob's mother received the little guests, Dick presented 25 cents, saying: "Mrs. G., Bob said he'd rather have the money."

**Never Too Old to Learn.**  
It has often been said that a man cannot learn a new trade after he is forty, but this statement has frequently been disproved. Peter S. Du Pont was eighty when he wrote his valuable treatise on the Cechin Chinese language, and had only then recently taken up the study; and the late John Bigelow was still an author turning out a book when he passed his ninety-fifth birthday.

**Quality That Counts.**  
It is no great matter to associate with the good and gentle; for this is naturally pleasing to all, and every one willing enjoyeth peace, and loveth those best that agree with him. But to be able to live peacefully with hard and perverse persons, or with the disorderly, or with such as go contrary to us, is a great grace, and a most commendable and manly thing.—Thomas a Kempis.

**Had Elephants Break Step.**  
It is a tradition among newspaper men—and one that may be founded on fact—that in the old days when Barnum's elephants were marched across the Brooklyn bridge, in the quiet hours before daybreak, the keepers were instructed to prevent the huge animals from keeping step lest the superposition of strong vibrations might injure the structure.

**Novel House-Boat.**  
A desirable residence, which commands an excellent sea-view, is a fishing boat which has been converted into a dwelling house, and is now the home of a family living somewhere on the north coast of England. The situation of the dwelling suggests good facilities for indulgence in sea-bathing during the summer months.

**Siamese Musical Instruments.**  
The Siamese have an instrument which they call the ranat, a species of harmonicon, with 17 different wooden keys, united by cords and resting upon a stand, each strip of wood giving a different note. The instrument is played with two wooden hammers.

## A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

"I just wanted to sleep all the time, for that was the only case I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head."

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

Mr. and Mrs. Wm. Davis and little daughter visited relatives at Tupelo Sunday.

Mr. and Mrs. D. L. Thompson made a business trip to Ada Monday. Their daughter, Lillian enrolled in the normal for fall and winter terms.

Quite a number of people in this community attended the Indian meeting near Franks Sunday.

Mr. Simpson and sister who have been visiting here this summer left last week for their old home in Mississippi.

Mrs. Alta Lawyer and little son of Rosedale are visiting her parents, Mr. and Mrs. Sharrock.

Walter Corbin made a business trip to Ada Monday.

Several of the Jesse girls will attend High school at Stonewall this year.

A throng of "movers" from the drought stricken western counties have been passing through Jesse for several weeks. Most of them are trying to find a location in Oklahoma.

There will be a call meeting of the council of defense Thursday night. The meeting will be for the purpose of seeing who wish to sow what.

## LETTERS FROM SOLDIER BOYS

From Dale West.

St. Nazaire, France, Aug. 2.

Dear Wife:

Will write you a few lines to let you know where I am at. We are stationed at St. Nazaire, France. Don't know how long we will be here, having a easy time but don't know how long it will last. We are not drilling any yet, this is a rest camp.

You would be surprised to see this country around here, the whole country is a beautiful scenery, looks like a town everywhere. The farmers have cattle to work. I seen some men mowing wheat with a yoke of steers. They have some horses but work them single to some kind of a dump wagon. Don't think the boys will have much fun with the girls around here for they cannot understand them. All the women ride bicycles and roll wheel barrows. I have not went to town yet. Don't know when I will go. We have a Y. M. C. A. and canteen to go to here just like they were at Fort Worth. We can get tobacco here some cheaper than there. Our company all go to the bay every evening and go in bathing every evening.

The captain told us this morning it would be a month or six weeks before we would get any mail from home, so I will write you every day or to. Then you will get a letter once or twice a week. I will get back to camp now and write some more after supper. There are a lot of women out here now rolling wheelbarrows. Well we had a good supper and I feel some better now, of course I have come back to the Y. There is going to be some picture shows, music and singing by a couple of ladies from New York tonight. We will have a very good time over here I think, looks that way now. We sure had a nice trip coming across. We have some fun about the money we have over here. We have our money changed before we can spend it. We get a hand full of French money for a dollar. They sure have some names to. Don't think I will learn much French for it is to hard to speak. Captain Lewis told us this morning about going down town and wanted to get something to eat, and of course they could not understand him, so they just brought out a lot of things, and finally he got a pretty good meal. He was just telling about writing home. Said he wrote ten or twelve pages on that subject. I guess he had some fun out of them trying to get something to eat. We can get most any kind of drink we want down in town.

Well I will tell some more about these people over here. There are not many of any kind here or I have not seen them yet. Most of the workers lead their horse and walk. When they drive steers one rides and one walks to herd them.

Dear, I will close and look at the pictures a while. Would like to be at home with you tonight, but you see where I am, but will be back home soon if not sooner. So cheer up. Now when you write, write something that will cheer me for we sure can get blue over here. Tell the people at home I don't know when I will write to them, but will soon. So you can tell them all I have to say and for them to write. I will answer all I get. Well I will close, tell everybody hello. Good night my dear.

Somewhere in France, Aug. 19, 1918.  
Dear Mother: I am well and feeling fine and have recovered from the long, tiresome journey across the sea. We have a dandy camp and a fine climate. This is a beautiful country. I have seen a lot of the old historic structures of France.

Don't worry if you don't hear from me as often as you should.

Lovingly your son,

To the News of Ada, Okla.:

I like to write a few lines in regard to the army life. Army life is fine. The officers are awfully good to the soldiers and willing to help them. Also the Y. M. C. A. gives us amusement to pass our time when our day's work is done. Army camp is a school for the man that goes to defend his country. The man while in civilian life is a coward but when he gets in the army camp he gets brave for Uncle Sam is prepared to take care of every one that goes to work for him, so come on and quit standing behind the broom straw and asking for reformation.

There is one little thing that bothers me and that is the fact that I get

## The Voices of the Orchestra

The myriad, melodious voices of the wonderfully modern orchestra yield the greatest witchery in music. The soft smoothness of the violins—the soulful cellos—the whining saxophones—the agile, dancing clarinets and flutes—the noble majesty of the French horns—the comical buffoonery of the oboes and bassoons—the martial fire of the trombones—the full-throated double-basses, and the cymbals, triangles and drums—all these and many others have their message for you in the modern orchestra.

In marvelous reality you can hear and recognize each of their voices in the composite voice of

QUESTIONS THAT EVERY AMERICAN HAS ASKED ABOUT CONDUCT OF WAR ARE ANSWERED IN FILMS ISSUED BY COMMITTEE ON PUBLIC INFORMATION

"Pershing's Crusaders," First Big Official Spectacles, Gives Much First-Hand Information About Our Boys in Camp and Trench. Soon to be Shown at Your Theater in This City.

Every American wants to know the truth about what his country is doing in the war, how great a factor in the world strife the United States has become in its first year of participation, what is being accomplished with the vast sums collected and expended and what the Allies may expect of the United States in the cause of civilization. To avoid limiting the people to the knowledge they can glean from the printed page, and to give to them a clear insight into the vast achievement in our war preparations, the government will show a series of official war films taken by the U. S. Signal Corps and Navy photographers and cameramen of the French General Staff both at home and abroad. These pictures will show the grim earnestness of the United States government in its war aims, the activities of the cantonments and aviation fields, the munition and arms plants and shipyards at home and the participation of the army and navy abroad.

The first of the Official War Films, "PERSHING'S CRUSADERS," will be shown at the Liberty Theatre, beginning Monday giving to the people of Ada their first opportunity to grasp their first full idea of the achievement which places America in the front line of activities in the war. The pictures are presented by the Film Division of the Committee on Public Information, George Creel, Chairman, and distributed by the First National Exhibitors' Circuit, Inc.

In that portion of the picture dealing with the preparatory activities in the United States are shown the recruiting of our army, the building and occupation of the huge cantonments, the training, clothing and feeding of our troops, the manufacture of arms and munitions, the building of shipyards and construction of wooden and steel ships, the aviation fields and young fliers in training, the assembling of our ports of locomotives, tanks, trucks and vast stores of war supplies.

On the pictures taken in France you see "our boys" marching to the front line, occupying the trenches, watching the Hun from advanced observation posts. Stores of munitions flowing like rivers to the front, our heavy artillery equipment, so camouflaged that you would never know it was in place. Secretary of War Baker is seen on his first tour of inspection in France. General Pershing and Secretary Baker are shown on their tours of inspection to the camps and trenches of our "Crusaders."

## SUFFRAGE ADDRESS BY MRS. SHULER AT 8 P. M.

Mrs. Frank J. Shuler, corresponding secretary of the National Association, and one of the foremost leaders of the cause, will address the citizens of Ada on this question this evening at 8 o'clock at the Methodist church. This question is to be voted on in Oklahoma at the November election and Mrs. Shuler has a large fund of information to give the public.

Mrs. Shuler is one of the nationally known women who is devoting her entire time to suffrage, and as chairman of campaigns and surveys for the national suffrage organization, she has had a guiding hand in the intricate work of planning and conducting suffrage campaigns in many states. Mrs. Shuler is a firm believer in the modern idea of organization as the keynote of a campaign and has shown a keen grasp and understanding of the principles of organization in her leadership in this important work of the suffrage body. Her suffrage experience has been rich in accomplishments which stamp her as a natural born leader who has the gift of mobilizing her forces with a strength and rapidity that is disconcerting to the opposition. She has succeeded in vitalizing suffrage organization and keeping it in step with the demands of the rapidly changing times.

Among the wide scope of her activities Mrs. Shuler is present parliamentarian of the New York Society of the National Daughters of the American Revolution. Equal pay for equal work and a fair wage for all work is advocated strongly by Mrs. Shuler, who took the practical way of assisting the Buffalo Teachers to secure a rise in salary to demonstrate her belief in this fundamental economic principle. Honorary member of the Teachers' League is a position of which she feels justly proud. As founder of the Buffalo Society of Miniature Painters, as member of the Formers, an association composed of former presidents of the New York Federation of Women's Clubs and as a member in a number of the national associations engaged in forward movements Mrs. Shuler is active along these lines, and in all these movements she sees more and more the need of the ballot if women would reach their highest efficiency.

### MAYOR SUGGESTS FLAGMAN

AT KATY CROSSING  
Ada, Ok., Nov. 8th, 1918.  
Mr. S. H. Charles, Supt. M. K. & T.  
Ry., Oklahoma City, Ok.

Dear Sir:  
As Mayor of the City of Ada, am writing you this letter to call your attention to a very dangerous condition now existing in this city at the intersection of East Main street with the Katy tracks. Several reports have come to me about narrowly averted accidents at this point to the public travel due to freight trains switching to and from upon the main tracks and switches and not having any brakeman on the rear end of the cars when backing and having no flagman to warn the traveling public.

Many suggestions have been made that the company should keep a flagman at this point to prevent possible serious accidents which may occur at any time.

This is one of the most frequently traveled streets in the City and I believe there is more traffic over this street at this point than at any other railroad crossing in the city, and

for this reason am writing you to know if it may not be possible for you to place a flagman at this point. The city will be glad to co-operate with you in making this place less dangerous to the public, believing that the best interest of both the company and city will be conserved thereby.

Thanking you in advance to give this matter your usual prompt attention and that I may hear from you in regard to same, I am,

Yours very truly,  
W. E. CONGER,  
Mayor of the City of Ada.

## FEW PATIENTS NOW IN EMERGENCY HOSPITAL

The Red Cross turned the Emergency hospital over to the United Charities today. Only eight patients are left and they are all convalescing. The last ones will leave in a few days.

About 150 patients were cared for at the hospital first and last and although many of these were very ill when received, only eight deaths occurred, so well were they cared for. A great deal of credit is due to Mr. Ford, who gave the building, and to the men and women who, regardless of personal danger, were on duty day and night as volunteers.

Although the people of the entire county have been very liberal with their donations, this was only a small part of what must be raised to pay the expenses of the hospital. It will be necessary to raise this.

Carpenter, druggist of Stowell, for that city, O. G. Rose for Francis, assisted by Miss King and others. Fred Johnson is listed for chairman at Allen. He accepted the job with pleasure and told the chairman not to worry about Allen for a minute, that he would guarantee their quota right now.

All of these gentlemen have given assurance of their earnest co-operation and have assured the chairman that he need not worry about the outcome in their particular towns and districts.

**PUBLIC SCHOOLS WILL NOT OPEN MONDAY**

It does not seem advisable to open the public schools Monday, although the state quarantine will be lifted Saturday night. The situation in Ada has been severe and as a result many school children are yet weak and physically unfit for school duties. There is yet danger unless every precaution is taken to prevent a recurrence of ordeal through which we have just passed. It is probable, too, that if the schools should open Monday, a large per cent of the children could not attend for various reasons. For these good reasons, the Board of Education rules that the public schools will not open Monday. I heartily agree and will serve notice in the papers of the city as to date of opening. J. E. HICKMAN.
